SPECIFICATIONS

Nominal Voltage: 240 VAC
Battery: 12V/5Ah
Number of Batteries: 20
Total runtime: 9 hours recover to 90% capacity
Float charging voltage: 273 VDC
Charge current (Max): 4 Amps
Weight: 138 lbs (63 kg)

ENVIRONMENTAL
Operating temperature: 0°C to 40°C (32°F to 104°F), the battery life will decrease when > 25°C (77°F)
Altitude: <1000m (3281 ft), >1000m (6562 ft) max
If the UPS is installed or used in a place where the altitude is above 1000m, the output power must be decreased one percent per 100m.
Humidity: 0~90% RH at 0°C ~ 40°C non-condensing
UL listed to UL1778
