SPECIFICATIONS:

Model: SOC-11022-220 AND SOC-11022-240-B

Battery Cabinet

Nominal Voltage: 240 VDC
Battery Type: 12V/9AH
Number of Batteries: 20
Typical runtime: 9 hours; recover to 90% capacity
Float Charging Voltage: 273 VDC
Charge Current (Max): 4 A/HRS
Weight: 938 LBS (63 KG)

Rated Current: 220V AC

Operating Temperature: 0°C to 40°C (32°F to 104°F); The battery life will decrease when > 25°C (77°F)
Altitude: <1000m (3281 ft), 2000m (6562 ft) max
If the UPS is installed or used in a place where the altitude is above 1000m, the output power must be reduced one percent per 1000m
Humidity: 0–95% RH at 0°C to 40°C non-condensing
UL listed to UL 1778
